

Waterman AHW appointed on Mount Street Commercial Development

Waterman AHW has been appointed as ESD consultant on the \$200 million redevelopment of 90 & 100 Mount Street in North Sydney. The project is a joint venture between Delmege Constructions and Laing O'Rourke Australia and will have an approximate GFA of 40,000sq m and is scheduled for completion in 2012.

Waterman AHW Director Scott Brown commented, "This is a great new commission for Waterman AHW. In recent years we have really tried to push the envelope in relation to sustainability and ESD and have numerous high profile, successful projects under our belt including the Workplace6 commercial development in Pyrmont which is the first 6 Green Star development in New South Wales. We are now looking forward to developing an innovative ESD strategy for 90 & 100 Mount Street that will deliver a world class outcome"

Waterman AHW is a multi-disciplined international Consulting Engineering business offering a comprehensive range of services to both local and international markets, across a wide range of construction related projects. Waterman AHW provides engineering services design for Mechanical, Electrical, Hydraulic, Fire, Structural, Civil, Environmental, Sustainability and Engineering Facilities Management disciplines including, Services During Construction.
